## Charge

Red light = charging
Green = fully charged
**connect charging cable to USB
port/charger to charge**

## Power on

Push the power switch to ON. The
player will enter standby mode after
20 seconds with no use, restart by
pressing play.

## Play disk

When NOd is displayed
on the screen, check if
the disc is placed
correctly in the player.

# Connect Bluetooth

On your speaker or headset, confirm device is on and ready to connect.
On the CD player, press the Bluetooth button. If Bluetooth is off, press the Play button to turn on.

Select the Bluetooth Search option and press the play button. The player will start searching for nearby devices that can be paired.

Press the play button to select the name of the device you need to connect to.
After connecting, press the Bluetooth button to return to the play interface.

**use AUX cable to connect if Bluetooth fail to pair to car**

## Last memory

Use the Play/Pause button or turn CD player off to return to the last stop-track on the disc. The STOP button returns play to the first track on the disc.
